Thanks
Mamta

Dear Charlotte Ayre:

Sorry for my belated response. I was misled by the expiration date on the web page (<http://eproof.macindia.net/eProof/palgrave/Login.asp?A=1813449500099A>), so I thought that the due date of this page proof was June 5th, 2005, not May 23rd. I apologize for my mistake and hope that my late response did or does not cause any inconvenience.

By the way, I want to thank you for your exceptional job in editing this paper. This is the most impeccable work I have ever seen so far. However, we found that the following few corrections might be necessary before the paper (IVS 95000099) is published. Please correct them if they do not strongly conflict with your opinions as an expert.

Index numbers are marked in the margin of the paper as you requested.

Index	Page	Correction
1	6	Change "77 each consisting" to "77 cereals each consisting"
2	7	Remove "as is shown in Figure 6"
3	12	Change "the track of Dust" to "track of the Dust"
4	12	Remove the empty list item number 4
5	16	Change "Easy-to-pickup" to "Easy-to-pick up" (with a space between "pick" and "up")
6	18	Change "J.S. Yi" to "Ji Soo Yi"

Additionally, I sent the copyright form before with the final version of the paper. Please verify that you received it correctly.

Thank you very much.

Regards,
Ji Soo Yi
